

FICHE A DESTINATION DE L'EXAMINATEUR

Interaction orale puis écrite avec le jury **en anglais**

5 minutes maximum +10 minutes environ

Tâche proposée au candidat

SITUATION

Wearable technologies and wearables seem to be all the rage at the moment. What sort of use could you see at the workplace?

You are an IT consultant.

The teacher/examiner plays the part of your client.

Your task: Follow up on the conversation.

Éléments de guidage à destination de l'examineur

Vous trouverez ci-dessous des pistes (non exhaustives) qui vous indiquent ce qui est attendu du candidat : explicitation de la tâche et questions qu'il devrait aborder dans l'interaction.

Task: From smart devices like Google Glass to health monitors such as the FitBit, wearable technology is the latest buzzword. Just like cloud and mobile, wearable technologies will change how organisations collect, access and use information. But what will it mean to embrace it at the workplace?

Topics and backup questions: real-time data collection / employee and equipment tracking / efficiency / healthcare monitoring / privacy issues / ...
